INTERESTS

I have a strong passion for data science and artificial intelligence, which aligns with my educational pursuits. Outside of my academic interests, I actively engage in personal growth through fitness activities, continuous learning, and recreational gaming.

OBJECTIVES

My primary goal is to enhance my proficiency as a data scientist through gaining valuable experience. I am eager to bolster my existing skillset and knowledge within the IT field, and actively apply these abilities to drive my personal and professional development.

CERTIFICATES

C1 Advanced   **May 2018**
Issued by Cambridge Assessment International Education
